

Metal Standalone Keypad Access Control CC1

CC1

1. Features

- 2 Relays
- Zinc alloy case, waterproof IP68
- Working voltage: 12V±10% AC/DC
- Zinc Alloy case, anti-vandal
- Luminous keypads
- Idle Current: 25±5mA
- backlit keys, the back light can be set for Normal ON, Normal OFF or Human-Approach ON
- Wiegand 26-37 bits input for connecting with a reader
- Wiegand 26 output for connecting to a controller
- Capacity: 2,000 users, support Card, PIN, Card + PIN
- Standalone for single door or standalone for two doors
- Two units can be interlocked
- Anti-passback

2. Specifications

Card Type	EM, EM+HID, MIFARE+CPU
Waterproof	IP68
Working Voltage	AC/DC12V±10%
Idle Current	≤30mA
Reading Range	3 ~ 8cm
Operating Temperature	-35℃ ~ 60℃
Operating Humidity	10% ~ 90%
Lock output load	≤3A
Alarm output load	≤20A
Short-circuit protect	≤100μS
Door Opening time	Conforms to IP68
Adjustable Door Relay time	0 ~ 99S
Dimensions	L145 x W58x H22 mm
